

Quality Training Affordable Price Central Location

The Institute at Welcoming Light (The Institute) was established in 1997 to provide high quality educational in-house training programs for Harbor Homes, Inc. and partnering nonprofit agencies in the Greater Nashua , N.H. area.

Today, the Institute offers quality trainings at an affordable price for all nonprofit agencies in Southern New Hampshire. The Institute also sponsors seminars, conferences, and provides speakers on mental health issues, housing, counseling, computer skills, and other skill building topics.

Funding

Like many nonprofit agencies, Welcoming Light is challenged by level or decreasing public funding support and rising costs, making private and corporate donations and support increasingly critical.

If you are interested in learning more about how you can help provide quality trainings to nonprofit agencies in Southern New Hampshire, either by donating or volunteering, please call 603-882-3616 x1157 or visit www.wli.org.

- Trainings
- Seminars
- Speaker's Bureau
- Room Rentals

The Institute is focused on providing the training supports required by all nonprofit agencies to be more effective and efficient at their jobs. During a typical week, the Institute offers trainings on topics ranging from substance abuse and mental health issues to computer skills training.

training solutions to improve efficiency & effectiveness

SUBJECT MATTER EXPERTS

We offer access to experts in mental health issues, HIV/AIDS, housing, homelessness, drug and alcohol dependency, healthcare, grant writing, public communications, and more.

ROOM RENTALS

Our training and conference rooms are ideally suited for your offsite meeting requirements, large and small. Audio Video equipment, including projector, screen, and sound system, are available for an additional fee. Call for more information, or visit www.wli.org.

CONFERENCE SUPPORT AND COORDINATION

Need support coordinating a conference? In addition to trainings, the Institute coordinated statewide education, and provided fiscal management, and technical support for conferences focused on housing, HIV/AIDS and more. Call for more information on how we can help support your conference needs.
